

Analytics Status

This page provides information about the current status of PubMatic's Analytics. PubMatic will update this page as status changes.

All Analytics operations are running normal.

September 7, 2021

Analytics's domain reports - Domain Report and Domain Report (Includes non-whitelisted domains))- showed slightly inflated numbers for Sept. 7th for all partners for few hours. We have corrected the data. We request you to re-pull the data.
